SKILLS SUMMARY

Programming Language: C, C++
Frontend: HTML, CSS, JavaScript, Bootstrap, Tailwind
Frameworks: React.js
Database: Firebase, Appwrite
Miscellaneous: REST APIs

EDUCATION

- Maulana Azad College of Engineering and Technology   Neora,Patna,Bihar
  Bachelor of Technology in Computer Science and Engineering; CGPA: 7.9

  Oct 2021 – June 2025

PROJECTS

- **E-Menu system (Front end)** :A concept of E-menu system is to order the food without wasting time of a customer as well it was easy for restaurant management system. This is also echo friendly
- **Tech site (Responsive site)**: Tech site which is implemented by using HTML and CSS.
- Restaurant online ordering system (functional database used firebase) :The traditional menu offers little flexibility and high printing cost, and only provide a limited information. Smart Menu allow guests to see pictures of all the dishes, hence increase their appitite and increase sales.
- **Password Generator** (React.js)
- **Currency convertor** (React.js)
- **To-Do-List** (React.js)

EXPERIENCE

- **Unified Mentor**
  Web developer Intern (Duration: 1 Month)
- **Business Web Solution**
  Web developer Intern (Duration: 2 Month)
- **Dev Creates**
  Web developer intern (Duration: 1 Month)

CERTIFICATION

- I have certified by Meta in Frontend Web development.
- I have certified by John Hopkins university in Html, Css, Javascript.
- I have been certified by NPTEL in problem-solving through programming in C with   57%.
- I have certified by IBM in Front-End Apps with React
- I have certified by University of California, Santa Cruz in C programming.
